😊

Caring for the iPad

- Keep it in the Glenbard-issued case at all times!

    DO NOT TAKE THE iPAD OUT OF THE CASE <u>EVER</u>!

- Do NOT lend the iPad to anybody.

- Keep it secure at all times; lock it up when not in use!

- Keep it dry and keep food and drink away from it.

- Be careful when storing iPads in backpacks.

Managing the iPad

- Bring iPad fully charged every day for **1st period.**

- **Turn off notifications for all non-school apps.**

- Delete unnecessary apps/files/photos/music

- Glenbard Apple ID = 200GB of iCloud storage

- This is a **SCHOOL** device; use it accordingly!

Lost / Found iPads?

- All of the iPads are engraved/stickered with the school district's contact info.

- Found iPads should be turned into the Help Desk or Dean's Office immediately!

- Unattended devices should always be turned in.

- All of Glenbard's iPads are registered with Apple and will be remotely disabled ("bricked") and become unusable to anyone in possession of the device.

Insurance

- If the iPad is damaged you are responsible for paying a fee before your iPad is repaired. The student will be provided a loaner iPad while the iPad is sent out for service.

- The insurance only covers the iPad, not the case or charger/cables.

- Those items are sold separately and replacements are sold in the Bookstore.

- Water damage and / or intentional damage is not covered.

Help Desk

Schoology

Online course materials

Schoology

- Parent and Student accounts

- Can view your student's homework items, worksheets, updates, assignments, quizzes, etc.

- Grades shown here are <u>not official</u> unless moved into PowerSchool.

Typical Workflow for Homework

- Teacher posts an assignment in Schoology
    - This includes any handouts/worksheets required
    - Can include links to Video or web support/resources
- Student completes work
    - **Notability** to complete a "worksheet"
    - **Pages/Docs** to type a paper
    - **iMovie** for video work
    - **Keynote/Slides** for presentations
- Student submits work directly to Schoology

Workflow for online Quiz

- Teacher creates a Quiz in Schoology

- Students take quiz directly in Schoology

- Quizzes can be opened for only the class period or may be take-home style quizzes that students may work on outside of class

- Students can be locked into Schoology while taking the quiz

Schoology Questions to ask

- Can you show me the most recent update a teacher posted?

- What was your most recent submission? Can you show me?

- What is coming up on your calendar?

- What is in your materials section for (English, Math, Science etc?)

- Can I watch you take your next schoology take-home-quiz? I want to see how it works.

Typical
School Workflow

Teachers post assignments/PDFs in Schoology. Students send these to Notability to complete. Students send work from Notability back to the course in Schoology.

Notability Questions to ask

- How are you organizing your notes in Notability?

- Can you show me a note you worked on today?

Apple Classroom

- Teachers use this app to help students learn with the device, monitor use, and direct device screen locations

- The teacher can view and share screens.

- Only works in the classroom and with students in the teacher's course.

Suggestions for Home

- Establish a central overnight charging location

- Monitor WIFI usage and consider shutting WIFI off overnight if needed

- As much as possible-- Keep a record of student logins and passwords for accounts.
  - Social Media
  - iPad Lock screen
  - Parent Tip: Ipads will remember passwords for apps and they will typically remain logged in.

iPad tips

- Helpful gestures
  - Four Finger Swipe & Five Finger Pinch
  - Double tap home button/or swipe up from the bottom of the screen--shows all open apps
- Charge with the correct charging brick

iPad tips

- Check your Student's Battery Usage! (Can view last 24 hours & last 7 days.)

Finished!
